This is a fun and educational program created to assist children in the transition from preschool to kindergarten. We offer a welcoming, lively, safe, positive, and diverse environment where your child will gain confidence and build self-esteem while enjoying a fun-filled week of summer. Teachers will use fun learning activities and games to help children develop number, letter, color and shape retention, enhance fine-motor skills, improve reading comprehension and develop the social and emotional skills needed for the classroom ahead. Arts and crafts projects, stories, group time, and more will all be part of the fun! Children will expand their knowledge of math skills, listening skills, social skills, letters, phonemic awareness, language, and everyday life skills.
